

HP Color LaserJet 3000/3600/3800 Printer series

Get the advantages of fast, high quality printing in colour. These HP Color LaserJet printers come with enhanced colour technology and new toner formula, plus built-in simplicity and reliability for great results every time.

HP Color LaserJet 3000
Printer series

HP Color LaserJet 3000 Printer series

Designed for small workteams up to approximately 10 people in managed IT environments that demand a fast, reliable, mono LaserJet experience with the added benefit of colour.

Experience fast, reliable mono laser printing with the added benefit of colour when you need it.

- Be productive – print at speeds of up to 29 ppm in mono and 15 ppm for colour.
- Colour you can control – enjoy the benefit of colour without incurring unnecessary costs. Colour Access Controls let you limit access to colour printing by user or by application or even switch off the printer's colour capability.
- Smart design for easy printing – the intuitive control panel provides the easy-to-navigate experience you're used to.

HP Color LaserJet 3600
Printer series

HP Color LaserJet 3600 Printer series

Perfect for individuals and workteams in unmanaged environments, and small business owners who need colour for in-house marketing to promote their business and increase profits.

Make your mark with simple, inexpensive printing in brilliant colour, ideal for in-house marketing documents.

- Get glossier colour, sharper contrast and natural, realistic images that jump off the page, using HP Imageret 3600 and new HP ColorSphere Toner.
- Ease your work load – install the printer's software in just a few simple clicks and experience easy operation with the user-friendly control panel and familiar printer design.
- Full-featured printing at a low purchase price – fast print (up to 17 ppm for colour and mono) and first page out speeds help you work more efficiently.

HP Color LaserJet 3800
Printer series
HP Color LaserJet 3800dtn shown

HP Color LaserJet 3800 Printer series

Ideal for managed workteams in medium sized businesses that need fast, high quality colour to communicate more effectively and build client relationships.

Colour your ideas and produce high-impact communications your audience will remember.

- Fast printing for greater efficiency – work productively with performance you can depend on at speeds of 21 ppm in colour and mono.
- Automatic adjustments optimise print quality and conveniently timed colour calibration ensures consistent results every time.
- Expand your printer's capabilities for faster performance and different connectivity options including wireless via an EIO slot.
- Colour Access Controls let you limit access to colour printing by user or application.

HP Instant-on Technology

Just select 'print' and these printers deliver first page out in seconds from cold. HP Instant-on Technology saves time and money by drastically reducing the printer's warm-up time, so there's no waiting time. After use the printer quickly returns to Powersave mode, minimising power consumption and noise levels (unlike laser printers without HP Instant-on Technology that wait for 15-30 minutes before returning to Standby mode).

Colour Access Controls

Enjoy all the advantages of colour without incurring unnecessary expense. Colour Access Controls¹ help protect your investment, while still reaping the benefits of printing in colour when you need to. You control when, how or who uses colour in your workgroup. HP Web Jetadmin can also be used to track colour usage and supply customised reports detailing usage by application, user or specific jobs.

The HP Embedded Web Server (EWS) allows IT to install, configure and monitor an individual printer remotely – using just a standard web browser.

The HP Smart supplies advantage

HP Smart Printing Technology² in both HP printing supplies and the printer work together with new HP ColorSphere Toner to make automatic adjustments that optimise print quality for reliable, consistent results every time you print.

HP Resolution Enhancement technology

HP Imageret is a suite of innovative technologies developed by HP to provide professional, high-quality colour documents and images. The system's foundation is comprised of key colour laser technologies, including HP ColorSphere toner, image enhancements, HP Smart printing technology, and high resolution imaging. As the level or category of HP Imageret increases, these core technologies are refined for more advanced system usage, and additional technologies are integrated. The result is millions of smooth colours, sharp images and crisp text. There is no loss of quality as uneven text edges are smoothed with special adaptive half toning and trapping technology prevents white edges from showing around text on a coloured background.

¹ Colour Access Controls available with HP Color LaserJet 3000 and HP Color LaserJet 3800 series.

² Using genuine HP supplies ensures availability of all HP printing features.

Series at a glance

HP Color LaserJet 3000 Q7533A

- HP Color LaserJet print cartridges (cyan/magenta/yellow – 3,500 page capacity each, black – 6,500 page capacity (@ 5% coverage)
- Print speed of up to 29 ppm mono and 15 ppm colour
- HP Imageret 2400
- 64 MB RAM expandable to 512 MB
- Hi-Speed USB 2.0 port and one EIO slot
- Tray 1: 100-sheet input tray, tray 2: 250-sheet input tray, optional additional 500-sheet input tray
- One-year on-site warranty (HP authorised service provider)

HP Color LaserJet 3000n Q7534A

- All the features of the CLJ 3000 model, with:
- 128 MB RAM expandable to 512 MB
 - HP Jetdirect Embedded Print Server

HP Color LaserJet 3000dn Q7535A

- All the features of the CLJ 3000n model, with:
- 256 MB RAM expandable to 512 MB
 - Automatic integrated duplexing

HP Color LaserJet 3000dtn Q7536A

- All the features of the CLJ 3000dn model, with:
- Additional 500-sheet paper tray

HP Color LaserJet 3600 Q5986A

- HP Color LaserJet print cartridges (cyan/magenta/yellow – 4,000 page capacity each, black – 6,000 page capacity (@ 5% coverage)
- Print speed of up to 17 ppm in colour and mono
- HP Imageret 3600
- 64 MB RAM
- Hi-Speed USB 2.0 port
- Tray 1: 100-sheet input tray, tray 2: 250-sheet tray, optional additional 500-sheet input tray
- One-year on-site warranty (HP authorised service provider)

Simple to install, use, and maintain

Both the printer and print cartridge system are designed with smaller businesses in mind, so there's no need for IT help. The compact print cartridges are easy for any user to replace and with only four consumables to order and replace, printer maintenance is at a minimum. Gain easy front access to these print cartridges through a single door.
